

Everyday Moments are the
True Moments of Significance.

NEW WORKSHOP ALERT!

Marte Meo with The Social & Emotional Learning Foundation

Practitioner Level: 6 Days

Marte Meo is a video-based method for providing information about how to support development in daily interactions. Marte Meo is suitable for any professional working with children and families in a variety of settings. At the successful completion of this course, you will receive accreditation with Marte Meo International.

In everyday life, there are many opportunities to support the development of children. In Marte Meo, we make these moments visible. With Marte Meo, you will find information to help you improve the quality of everyday moments of interaction.

Marte Meo uses video to capture the moment to moment interactions between an adult and a child that are developmentally helpful with the use of video interaction guidance (VIG). VIG has a strong evidence base that supports its suitability to a wide range of learning styles.

Using video as a reflective practice tool helps us to stay focused on our strengths, notice the areas that a child may require additional support and become skilled in these areas.

When:

Thursday 31st October & Friday 1st November

Thursday 14th & Friday 15th November
